

# THE PAS SKATING CLUB

## 2026-2027

### CanStar Program

The CanStar Program is a 'bridging' program for skaters who want to move into figure skating. It consists of the skills and badges listed in Stage 4, 5 & 6 of the CanSkate program. This program is for skaters who have completed the achieved stages 1 through 3 in the CanSkate Program and has an interest in Figure Skating. When a skater has completed all the Stage 6 skills in the CanStar Program, a skater can then move into the STARSkate program! At the end of the skating season, skaters participate in an ice review that allows them to showcase their skating development in a fun and positive way. Skaters in CanStar must wear figure skates and a helmet (**CSA-approved hockey helmet**). Each session is one hour in length.

Location: RHJ Arena
