

THE PAS SKATING CLUB
2019-20
STARSkate Program

The STARSkate Program is a recreational figure skating program. This program offers opportunities for skaters of all ages to develop fundamental figure skating skills in the areas of ice dance, skating skills, free skate and interpretive skating. Skaters will learn in a group and/or private lesson format. Skaters have the opportunity to compete at STARSkate Competitions and take Skate Canada Tests through a nationally standardized testing system. STARSkaters may become Program Assistants who help the Coach during the CanSkate skating lessons. At the end of the skating season, skaters participate in an ice review that allows them to showcase their skating development in a fun and positive way.
